Athlete Login/Profile

Do you know how to access your child's Gymnastics NZ Profile?

Simply visit: <https://gnz.friendlymanager.com/login?club=huttvalleygymsports>. Enter your athletes email and password. (You can reset this if you cannot remember it).

You will be able to view your contact information, medical notes, current classes and update any details. Under Fees you will find the Club's bank account number, the payments you have made and a summary of any monies owed.

The Events section lists the classes you are signed up for. The Attendance shows your classesband under Membership you can see the levels and classes you have attended over the years. In the email section you can see a summary of all Club emails sent. A great way to look back on messages.

Term 4 Bookings

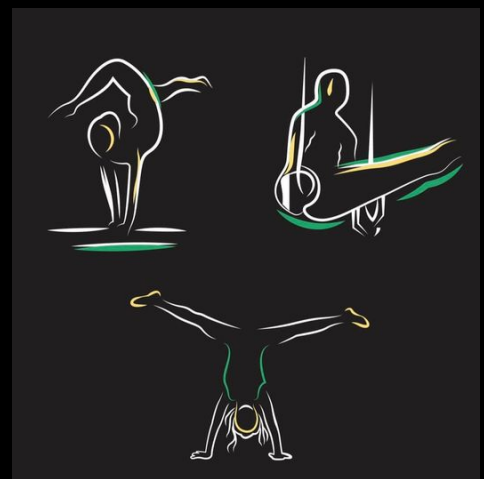

A reminder that we are taking Term 4 bookings online via your child's profile. Please make sure you click into the correct term, and then the class that your child is already in. If you prefer you can email the office and we can do this for you admin@huttvalleygymsports.co.nz.

If you would like to change to another class for Term 4 please email us and once we know where there are vacancies in the classes, we can then move you to the class of your choice (if there is space available).

Payment is required by today (25 September). Bookings for children who are not in a class will open on Monday 28 September. Please let us know if you are not returning asap

Fraser Park Update

Leading on from the last Committee Update, the Fraser Park Team thought it was timely for an update on the Fraser Park transition project. As previously discussed, our Grant Coordinator, Bridget Ross, submitted the Lotteries application, however, as anticipated Lotteries did reply with a raft of clarifications and queries.

This launched the Project Delivery Team into overdrive, as the additional information required was relatively detailed and needed to be turned around in some tight timeframes. It would not be unfair to say that for a week there were some late nights coupled with an incredible amount of email traffic. Many of the clarifications focussed on the affordability, financing, feasibility, and sequencing of the project, this being due to Lotteries having a mandate to ensure the projects supported have minimised, as far as possible any inherent financial risks.

In practical terms this meant that Team had to provide additional detailed cost estimates covering the whole project not just the new build, with Lotteries requesting this formally through a Quantity Surveyor. Lotteries also requested further details on the grant being provided by Hutt City Council as well as the terms of the guaranteed loan. With the help of the Council these clarifications were also satisfied.

In addition, further details of the additional partnership and internal funding was requested along with further evidence of the bank loan terms needed in conjunction with an affordability and servicing assessment. Again thanks to some agile action this was produced and submitted

One issue that continues to prove challenging, simply due to timing is the provision to Lotteries of a signed Lease for the Hutt City Council building. The lease is an incredibly detailed document which provides the basis of the relationship between the gym and Hutt City Council for up to 30 years, therefore the lease is being reviewed by legal teams to make sure it meets the needs of both parties. This was achieved, and Club hope to get the draft Lease to Lotteries shortly.

Lotteries was also keen to have additional detail regarding the overall project plan. Whilst we have had a robust milestone plan for the new build, Lotteries required the project plan to cover the project holistically. As a team we have now generated the first version of the plan and this will form the baseline for the project. Clearly this will change depending on prioritisation within the scheme of work and of course cash flow. The Project Delivery Team continues to work with Lotteries and is well placed to provide additional information when requested/becomes available.
